Become a Friend

The opening of the new Borrett Road campus is a critical milestone in the school's history. It brings with it a chance for the community to come together to show its support and for the school spirit to be reborn. Schools are places of possibility. They give us space to think, create, research and make lifelong friends. They enrich our lives immeasurably and bring us together.

The Lifelong Friends of the School programme has been developed to give Islanders, past and present, the opportunity to support the school's future and continue its legacy. Everyone in the community is invited to become a Lifelong Friend of the School.

Anyone can enter the Friends programme at one of two levels, these are:

- Friends, with a donation of \$2,000HKD
- Families, with a donation of \$5,000HKD

The Lifelong Friends of the School programme recognises and celebrates Island School's donors. Every donors' name will be added to the honour gallery. The honour gallery is in the heart of the campus, situated in the lower atrium, where information about the

school's long term charities is displayed. It is also the point where all students enter and leave the building from.

The honour gallery acknowledges the strength and generosity of the Islander community.

The Impact of Becoming a Friend

By becoming a Lifelong Friend of the School you will be investing in education at a time when it is most needed. You will enrich students' education and help teachers to bring learning to life. The impact of each donation will be significant and wide-ranging. There are many areas where a broader, more authentic and relevant education incurs costs. Well-resourced classrooms, studios, gyms and labs and the teaching that happens within them changes the course of people's lives.

Island School encourages new ways of thinking, seeing and being. Visiting experts offer different perspectives and knowledge and expand students' thinking and they deepen our connection to the community. All donations will be made to the Island School Trust.
